Note: Projects with \$0 Grand Total have budgets in the second ten years of the Twenty Year Plan.

## Project Information Sheet

### Project: 821640 Fremont High School Swim Pool

Category:	Capital	Type:	Parks	Department:	Parks and Recreation
Origination Year:	2000-01	Phase:	Implementation	Project Manager:	John Lawrence
Planned Completion Year:	2002-03	% Complete:	95	Project Coordinator:	none
Origin:	Staff			Interdependencies:	none
Element:	6 Cultural	Goal:	6.1E	Fund:	385 Capital Projects
Sub-Element:	6.1 Recreation	Neighborhood:	City Wide	Sub-Fund:	100 General Fund Assets

### Project Description and Statement of Need

This project was set up to meet the City's obligation under a formal agreement between the City and the Fremont Union High School District to build and operate a 50-meter pool. This pool was opened for use by the City and the School District in July 2002. FY 2003/04 budget carryover into FY 04/05 is for payment towards a heating, ventilating and air conditioning (HVAC) system (split with School District) as called for in the original conceptual design. Use of this pool provides significant improvement in adult swim opportunities for the community and benefits other age groups through new programs and reduced demand for adult use at other City pools.

### Service Level

Adult use has increased due to the higher quality of facility and the consistent, year-round programming. Depending on the impact new programs at this pool have on the other 5 programmed pools, service levels for those other pools could increase or decrease.

### Issues

Issues, such as parking, shared use (with the school having priority), working with a joint use agreement, and using a contract operator continues to be a challenge for City staff. Carryover of funds is necessary to complete the project design as originally agreed to by the City and District. A new HVAC system is to be installed in the swim building (the old one did not have air conditioning).

### Project Financial Summary

## Project Information Sheet

### Project: 824130 Sidewalk /Curb /Gutter from Mathilda Ave. to the Tennis Ctr

Category:	Capital	Type:	Parks	Department:	Parks and Recreation
Origination Year:	2002-03	Phase:	Design	Project Manager:	Hira Raina
Planned Completion Year:	2003-04	% Complete:	90	Project Coordinator:	Scott Morton
Origin:	Staff			Interdependencies:	none
Element:	2 Community Development	Goal:	2.2A	Fund:	280 Gas Tax Street Improvement
Sub-Element:	2.2 Open Space and Conservation	Neighborhood:	De Anza	Sub-Fund:	n.a.

### Project Description and Statement of Need

Pedestrians are currently forced to walk on the side of the road to access the Tennis Center from Mathilda Ave. This presents a potential safety hazard that would be abated by the construction of a sidewalk.

This project will provide for the construction of approximately 250 linear feet of standard city sidewalk, curb and gutter that will go from the south entrance to the Tennis Center parking lot off Mathilda Ave. to an existing sidewalk that borders the south side of the parking lot.

### Service Level

Completion of this project will improve service to customers by providing safe pedestrian access from Mathilda Ave. to the Tennis Center.

### Issues

Design work is 90% completed. However, the project is on hold pending new development plans for the Jacobsen Project located near Mathilda and El Camino.

## Project Information Sheet

### Project: 824140 Sunnyvale Historical Museum

Category:	Capital	Type:	Parks	Department:	Parks and Recreation
Origination Year:	2002-03	Phase:	Planning	Project Manager:	Cathy Merrill
Planned Completion Year:	2007-08	% Complete:	0	Project Coordinator:	Cathy Merrill
Origin:	Council			Interdependencies:	none
Element:	6 Cultural	Goal:	6.3A and 6.3B	Fund:	385 Capital Projects
Sub-Element:	6.3 Heritage Preservation	Neighborhood:	City Wide	Sub-Fund:	100 General Fund Assets

### Project Description and Statement of Need

On May 14, 2002, Council approved a City contribution of \$500,000 to support the development of a History Museum at Orchard Heritage Park (RTC-02-151). The Sunnyvale Historical Society and Museum Association (SHSMA) will raise the remainder of funds for the project. On June 14, 2004, Council approved a formal agreement between the City and SHSMA which covers the specific duties and obligations of both organizations regarding the design, development, operation and maintenance of the museum (RTC-04-227). This project covers the City's share of funds committed to SHSMA. Once constructed, the museum will be operated by the SHSMA.

The City's contribution of \$500,000 will be funded by Park Dedication monies.

### Service Level

This project would increase service levels by constructing the City's first historical museum. This project supports the commitment made by City Council to contribute funds toward the construction of a History Museum at Orchard Heritage Park. Once constructed, the current Museum located at the Murphy Park Building will be moved to the new structure.

### Issues

Operating costs will be funded by the SHSMA.

### Project Financial Summary

## Project Information Sheet

### Project: 825180 Cover for Passenger Waiting Bench at Community Center

Category:	Capital	Type:	Parks	Department:	Parks and Recreation
Origination Year:	2005-06	Phase:	Planning	Project Manager:	John Lawrence
Planned Completion Year:	2005-06	% Complete:	n/a	Project Coordinator:	none
Origin:	Staff			Interdependencies:	Community Development, Public Works
Element:	6 Cultural	Goal:	6.1.E.	Fund:	525 Community Recreation
Sub-Element:	6.1 Recreation	Neighborhood:	City Wide	Sub-Fund:	200 Leisure Services

### Project Description and Statement of Need

Passengers, especially seniors need protection from the sun and rain when waiting for transportation at the Community Center. Currently, a temporary shade cover is put up and taken down each summer day senior club activities take place in the Recreation Building. A permanent shelter would reduce staff time now spent on temporary measures and provide more consistent protection for seniors and others, from the sun and rain.

### Service Level

This project would improve comfort and convenience for people of all ages using the Community Center. Seniors are often forced to wait extended periods for VTA's Outreach vehicles and considering heat from the sun, this can be a safety issue for them.

### Issues

None

### Project Financial Summary

## Project Information Sheet

### Project: 825580 Plaza del Sol Phase II

Category:	Capital	Type:	Parks	Department:	Parks and Recreation
Origination Year:	2005-06	Phase:	Planning	Project Manager:	Hira Raina
Planned Completion Year:	2008-09	% Complete:	n/a	Project Coordinator:	Curtis Black
Origin:	Staff			Interdependencies:	Community Development, Finance, Public Works
Element:	1 Land Use and Transportation	Goal:	C1	Fund:	140 Park Dedication
Sub-Element:	2.1 Land Use and Transportation	Neighborhood:	Downtown	Sub-Fund:	n.a.

### Project Description and Statement of Need

Due to financial limitations the original downtown plaza construction project was constructed using a phased approach as approved by Council in FY 2002/03. As a result a number of features that were part of the original plaza design were not included as part of the first phase of construction. This project provides funding for the second phase of the Plaza del Sol project.

The first phase of construction was completed in June 2004 and the Plaza was opened to the public on July 7, 2004. The design for Phase II of the project will begin in FY 2006/07 to incorporate features that had been requested by Council and the Community, but not included in the first phase of construction. These features include additional landscaping, walkways, water features, and roofing for one of the two garage ramps. The cost of the design work is estimated at \$175,000. Phase II also includes \$28,980 to build a memorial dedicated to Sunnyvale residents and employees who have given their lives in service of the City and country (12/13/05, RTC 05-373). Construction is scheduled to begin in FY 2007/08 at an estimated cost of \$2 million. Upon completion of the project, the annual operating costs required to maintain the Plaza is estimated at \$70,000.

### Service Level

The completion of the second phase of Plaza del Sol will increase service levels through the addition of restroom facilities, ornamental water features, and enhanced landscapes.

### Issues

Artwork for the second phase of the Plaza del Sol project was included in the original plans therefore this project is not subject to additional art in public place requirements.

Implementation of this project is contingent upon the availability of Park Dedication funds in FY 2006/07 and FY 2007/08.

### Project Financial Summary

Financial Data	Prior Actual	Budget 2005-06	2006-07	2007-08	2008-09	2009-10	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16	10 Year Budget	Grand Total

## Project Information Sheet

### Project: 825790 Park Land Acquisition

Category:	Capital	Type:	Parks	Department:	Parks and Recreation
Origination Year:	2005-06	Phase:	Planning	Project Manager:	David Lewis
Planned Completion Year:	Ongoing	% Complete:	n/a	Project Coordinator:	none
Origin:	Staff			Interdependencies:	Public Works
Element:	2 Community Development	Goal:	2.2A3	Fund:	140 Park Dedication
Sub-Element:	2.2 Open Space and Conservation	Neighborhood:	City Wide	Sub-Fund:	n.a.

### Project Description and Statement of Need

As the City's population increases, existing City parklands will receive increased use; new park open spaces will become more difficult to obtain as land is developed for housing and other purposes. This project will provide resources for the aquisition of new park lands and open space as these properties become available. Properties will be held until they are needed for park development in the future. The City currently owns 9 properties along Jackson Avenue adjacent to Murphy Park for future park expansion. Four more lots remain to be purchased to provide a continuous line of properties adjacent to the park. This project is funded by the Park Dedication Fund; additional funding may be needed for future acquisitions.

### Service Level

Having a source of funds available for the acquisition of future park lands will serve the entire community as demands for open space increase, available open space begins to diminish, and the value of land continues to climb while population increases spur on the demand.

### Issues

None

## Project Information Sheet

### Project: 826380 Construct Restroom Building at San Antonio Park

Category:	Capital	Type:	Parks	Department:	Parks and Recreation
Origination Year:	2006-07	Phase:	Planning	Project Manager:	Hira Raina
Planned Completion Year:	Ongoing	% Complete:	n/a	Project Coordinator:	Curtis Black
Origin:	Council			Interdependencies:	none
Element:	2 Community Development	Goal:	2.2A	Fund:	140 Park Dedication
Sub-Element:	2.2 Open Space and Conservation	Neighborhood:	Serra	Sub-Fund:	n.a.

### Project Description and Statement of Need

This project provides for the design, construction and maintenance of a restroom building at San Antonio Park. The cost to construct the restroom is \$278,000 and the annual infrastructure and replacement cost is approximately \$3,333, which will be funded by Park Dedication monies. Additional annual operating costs associated with the restroom building estimated at \$20,511 will be funded by the General Fund starting in FY 2007/08.

San Antonio Park is a sports field adjacent to a private school (South Peninsula Hebrew Day School) with trees along the perimeter. It is frequently rented for baseball and soccer, including some adult and college soccer groups. The adjacent school does not allow the use of its restrooms by the public. In the past, portable restrooms have been placed at this park, paid for by the user groups on a spring – fall seasonal basis; in winter no restroom is located at San Antonio Park. Building a permanent restroom facility for this high use park site will allow visitors to stay longer at the park and increase rental revenues from community and regional sports groups reservations. Many larger tournaments and sports leagues would not rent Sunnyvale fields in the absence of restroom facilities.

### Service Level

The addition of permanent restroom facilities would make this site more enjoyable, usable and attractive to groups that rent the sports fields, neighbors and visitors of the park.

### Issues

Neighbors have expressed access use and parking/traffic concerns in the past. Additional restrooms would likely increase these concerns. Public input meetings have not been conducted with neighbors and/or stakeholders.

On June 20, 2006 Council provided direction for staff to negotiate a long-term agreement with the Hebrew Day School to allow the use of the school's restroom facility by the public. If the agreement is not in place by the end of calendar year 2006, the City will proceed with the construction of the restroom facility.
